

# Sustainability Plan 2024/2025

## 2024

 Front Lawn	Completing the current work in converting front lawn in more of flower bed with bee & butterfly friendly plants & shrubs and completing the pond project
 Eco Knit Towels	Start replacing old towels with Eco Knit towels, and there for reducing drying time
 Rail Travel	Offer guests travelling by train or public transport a discount

## 2025

 Review of suppliers	Research our suppliers (food, bank, utilities) and ensure they are the most sustainable on the market.
 EV charge point	Research the most economic and sustainable supplier for an EV point
 Cleaning products	Further review all cleaning products to ensure they are environmentally friendly. Aim is to avoid any harmful products used. (i.e. occasional use of products like bleach)
 Breakfast	Offer more in season products as part of the breakfast option. (the likes of the fruits we offer, tomatoes on a full English etc) and looking at seasonal replacements
 Partnerships	Research and hopefully start working and promoting other sustainable businesses
